14th ANNUAL SCIENTIFIC PROGRAM

15 hours CME category 1

HEALING WITH HORMONES

WHY YOU SHOULD ATTEND THIS CME PROGRAM:

1. Learn about peptides as antioxidants and cell regulators
2. Learn about treating with oxygen and carbon monoxide
3. Learn about indications and how to use glutathione
4. Learn about advances in testing steroids, thyroid, cytokines, neurotransmitters
5. Learn about advances in treating pre-diabetes
6. Learn about the impact of environmental endocrine disruptors on our epidemic of hormonal disorders—and what we MUST do to help correct the situation.

AND FURTHERMORE:

7. Witness the paradigm shift: from pharmacology to physiology, represented by nutrition, detoxification, adaptive support, and genetic insight=biochemical individuality.
8. Gain a more accurate picture of the practice of orthomolecular medicine as we seek to identify the areas of agreement that define OHM as a model for primary care medical practice in the years to come.
